

```
print< T, false, true,  
false >::operator()
```

```
graph LR; A["print< T, false, true,  
false >::operator()"] --> B["myFunc::all_to_sting"]
```

A diagram consisting of two rectangular boxes connected by a horizontal arrow. The left box is light gray with a black border and contains the text `print< T, false, true, false >::operator()`. The right box is white with a black border and contains the text `myFunc::all_to_sting`. A dark blue arrow points from the right side of the left box to the left side of the right box.

```
myFunc::all_to_sting
```
